

Friendship bracelets: Zig Zag Bracelet

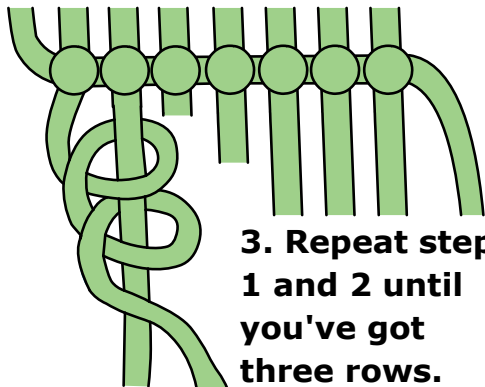

By Stefan Hedman, www.steffe.se/friendshipbracelets

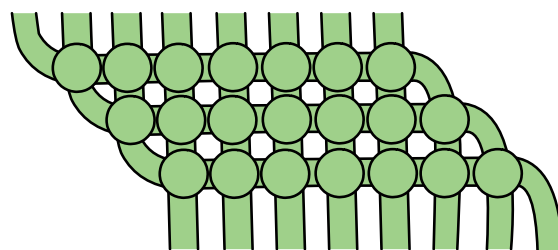

1. Start with the thread on the left. Make a right-hand knot.

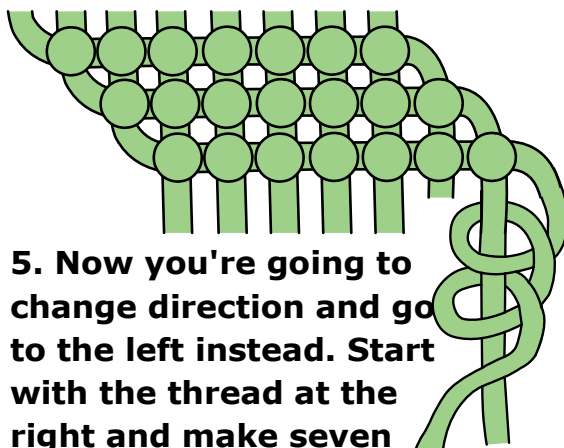

2. Continue with the same thread and make right-hand knots.

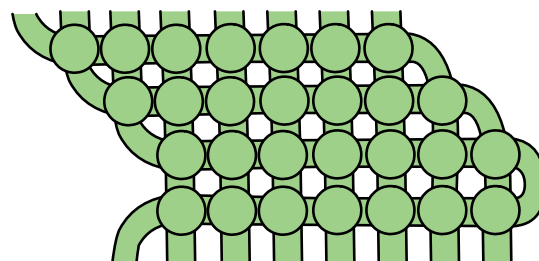

3. Repeat steps 1 and 2 until you've got three rows.

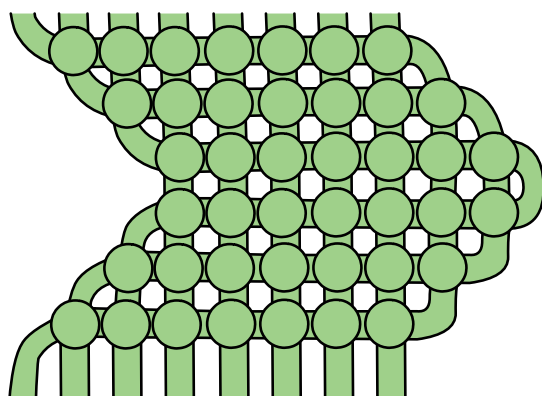

4. When you're done it looks about like this.

5. Now you're going to change direction and go to the left instead. Start with the thread at the right and make seven left-hand knots.

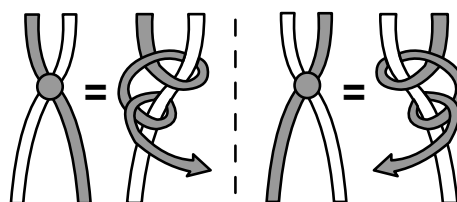

6. When a row is ready it looks about like this. Make two more rows.

7. Repeat step 1 to 7 until long enough.
